

CANADIAN WASTE

S E R V I C E S I N C.

GUIDED BY INTEGRITY

DRIVEN BY QUALITY

FOCUSED ON PERFORMANCE

Our Company:

Canadian Waste Services is the premier solid waste management company in Canada, serving commercial, industrial, government and residential customers in communities across the country. Canadian Waste Services has acquired several of Canada's leading waste management

companies to create an organization with a strong history of experience, extensive industry knowledge, and the resources to deliver uncompromising service and value to our customers.

Today we have more than 110 landfill, collection, transfer and recycling operations across the country. We have built a solid organization of integrated resources to provide quality service and cost-efficiency unmatched in the industry.

Our Values:

Canadian Waste Services is committed to providing environmental security and protection to our customers, to our employees, and to our communities. We promote a good neighbour policy and work with the communities in which we operate. We contribute to local improvement efforts and actively participate in the lives of our employees and their communities. We seek to build positive, long-term relationships.

At Canadian Waste Services performance is more than a promise, it's what we deliver everyday.

We aim high. We ask questions.

Have we exceeded our own expectations?

Have we exceeded our customers' expectations? How can we do better?

We deliver. In the end, that's what sets Canadian Waste Services apart: our performance.

Our Services:

We're not waiting for the future, we're shaping it.

Canadian Waste Services currently operates 14 landfills, 18 transfer stations, 10 recycling facilities and 66 collection operations across Canada. Each location has a strong local management team that understands the unique needs of local businesses and neighbourhoods. Our professional sales staff is trained in the latest techniques of personalized customer needs analysis and service. Our decentralized management approach places responsibility for performance in the hands of those closest to the customer.

Our customers are served by a fleet of modern collection vehicles and containers, managed by professional operators. Every service we provide is customer focused, expedited quickly and safely, and is managed within full environmental and regulatory compliance.

Everyone at Canadian Waste Services is committed to delivering customer satisfaction. To find out how to put our network of resources to work for you, give us a call.
